

## IT'S NOT "PROGRESSIVE" TO JUSTIFY ISRAELI WAR CRIMES IN GAZA!

Last month, when questioned by a constituent about civilian casualties from Israel's attack on Gaza, this is what Senator Warren had to say:

*"When Hamas puts its rocket launchers next to hospitals, next to schools, they're using their civilian population to protect their military assets. And I believe Israel has a right, at that point, to defend itself."*

**This is not  
"Self-defense!"**

To interpret Israeli actions as merely the right "to defend itself" erases the long history of occupation and siege imposed on the people of Gaza. It belittles the killing of more than 2100 Palestinians -- the majority of them civilians, as the UN and respected human rights organizations have documented. And it ignores the fact that this latest conflict was instigated by Israeli actions, not "indiscriminate" attacks by Hamas.

TELL SENATOR WARREN to speak up for Israeli accountability, adherence to international law and an end to land grabs and illegal settlement building in the West Bank. It's long overdue to re-examine our policy of unconditionally supplying billions of dollars of arms to Israel every year!

**CALL SENATOR WARREN: 202-224-4543**
